2026 Summer Internship – IT Engineering

June – September 2026

Eager to gain new experiences, I am open to international opportunities and would be pleased to join your team for a three months internship starting in June 2026. I'm ready to take on any development role, wherever it matters.

I believe my prior experiences and my drive to keep learning and growing make me a valuable asset to your team.

Experience

Web developer | BESSE, France (Nantes) 

2024 – 2027 | Work-study contract (3 years)
